TYPE 1A1

Superhard TYPE 1A1 resin-bonded grinding wheels are used for machining in a wide range of operations, including surface grinding, hole grinding, round grinding of difficult-to-machine materials and sharpening of cutting tools, as well as groove grinding. The grinding wheels are used on CNC and conventional stationary grinding machines.

1A1 - D × T × X × H

Dimensions [mm]		
D	T	X
50	10-20	3; 5
55	10-20	3
63	10-20	3
75	5-20	3; 4,5
90	5-10	4; 5
100	5-20	3; 4; 6; 10
125	5-20	3; 4; 5; 6; 10
150	5-20	3; 4; 6; 8; 10
200	5-20	4; 6; 10
250	5-20	4; 8
350	10-20	5
