Graduation：0.5mm, 1mm, 1/64", 1/32", 1/16"

Code	Range	Accuracy	Remark
7110-150	150mm/6"	±0.18mm	
7110-200	200mm/8"	±0.18mm	
7110-300	300mm/12"	±0.27mm	
7110-3001	300mm/12"	±0.27mm	metric graduation on front and inch graduation on back
7110-500	500mm/20"	±0.40mm	
7110-600	600mm/24"	±0.50mm	
7110-1000	1000mm/40"	±0.50mm	
7110-1200	1200mm/48"	±0.80mm	
7110-1500	1500mm/60"	±1.00mm	metric and inch graduation on front
7110-2000	2000mm/80"	±1.00mm	

1. Measurement:
    ---Before measurement, wipe the steel ruler and the surface of the measured workpiece clean with a clean soft cloth.
    ---When using, the zero mark on the left end should be used as the measurement reference.
    ---When measuring, the ruler should be placed upright and not tilted.

2. Precautions:
   After using the steel ruler, wipe off the dirt on the ruler surface and place it flat on the workbench or hang the ruler with the hanging hole on the right end to prevent deformation of the steel ruler.
